About the College

Gondia Homoeopathic Medical College & Hospital [Registration no. F-780 (Bhandara)] is a self-financing Institution run by Gondia Homoeopathic Education Society from the academic year 1989-90. [Registration no. Maharashtra/91/76(B)] The College offers a degree course (BHMS) of four and a half years duration plus one year compulsory rotating internship after passing Final BHMS Examination.

The College has obtained approval of Government of Maharashtra and is recognised by Central Council of Homoeopathy, New Delhi. It is affiliated to Maharashtra University of Health Sciences, Nashik. Gondia Homoeopathic Education Society has also applied for the Post-Graduate course (M.D.) in Homoeopathy which is expected to be operational very soon.

Presently, the College has its own triple-storied building of about 36,000 square feet of construction. The college has also acquired 6 acres of adjoining land for developing hostel and Herbarium Garden. This building accommodates the Out Patients Department, a 40-bedded Hospital, a Labour Room, and an Operation Theatre. The College boasts of well-equipped laboratories having computerized systems, and class rooms with Audio-Visual facilities. Institute adopted 5 villages, 5 OPD and running weekly health checkup camps on a requirement basis.

About the Society

Gondia Homoeopathic Education Society was constituted and registered in the year 1975-76. The main objective of the society was to provide basic health services in rural areas and improve the quality of health as Gondia is located in backward region of Maharashtra. Only Homoeopathy has the capacity to solve the problems of health care in rural areas since it is easily available and offers a permanent cure.

To achieve this target, Dr. Radheshyam Agrawal, Dr.L.D. Rathod, Dr. S.B. Pal and Dr. M.G. Naidu joined hands together to form the society. These doctor are the pioneer members of the society and were the leading Homoeopathic Physicians during those years.

Dr. Radheshyam Agrawal (Secretary) had the opportunity to be associated with no less a stalwart homoeopath than Dr. B.K.Bose, MD while in Calcutta. Dr. Bose was then the only surviving homoeopath who had worked under Dr. J.T. Kent well-known for the Repertory and Materia Medica was a staunch Hahnemannian follower. Under the able guidance of a dedicated personality, like Dr. Agrawal the college in transforming itself into an excellent culture of Homoeopathic training for the students of this region.

Admission

Prescribed Admission Process

The admission process of BHMS Course is carried out by Government of Maharashtra.

Application Form & Prospectus

Application form and prospectus are available at Gondia Homoeopathic Medical College & Hospital, Gondia office. Tuition Fee is as approved by Shikshan Shulk Samiti by Govt. of Maharashtra.

Eligibility for Admission

10+2 Science or Equivalent, with English, Physics, Chemistry & Biology with minimum 50% passing marks in 12th it is compulsory for students to be NEET qualified.

Admission to Foreign Students

Admission to BHMS degree course is open to foreign students subject to eligibility and as per norms set out by the Hon'ble Supreme Court of India and Director of Medical Education, Govt. of Maharashtra. The foreign students should produce the following:

Prospects & Opportunities

- Homoeopathy is an upcoming and progressive branch of medical science, which is now acknowledged by the World Health Organization. After graduation, one can create his own career through professional practice in urban as well as rural areas, without any dependence on others for jobs.
- Opportunities for BHMS doctors are also available in Foreign Countries for professional practice and research.
- Like all other graduates BHMS degree holders are also eligible for Civil Services thorough UPSC & PSC examinations.

Why Homeopathy?

Homoeopathic medical system was founded by Dr. Samuel Hahnemann of Germany who evolved the method of giving medicine in energy form to act on the invisible vital force of the human body on the basis of Law "Similia Similibus Curenter".

Disease: Hahnemann found out what is diseased is not the physical body but derangement of invisible vital force in the living body which can be assessed by signs & symptoms. The vital force does not exist in the dead body where no activity takes place even though all the organs exist in the dead body. It activates all the function in the living body. The external suffering and pathological findings through tests are only the manifestation of the affected vital force in the body.

Origin of Vital Force: The vital force originates in a single cell at the time of conception when the father's spermatozoon moves towards the ovum of the mother and "diffuses" energy into the ovum (cell) to form new energy force with imprint of the combined character, diseases etc. of the parents. The energy force in the cell builds the body in accordance with the inheritance from the parents through the process of division of cells one by one in stages into billions of cells in the body as per pre-determined programme written in genome.

The vital force in each of the billions of cells all over the body carries out various functions in the body and these obtain energy from the food which is disintegrated to energy level during the process of digestion. At the time of death the vital force is entirely extinguished resulting in cessation of all functions in the body.

The soul in the body is different from vital force. How and when the soul enters the body and joins the vital force is beyond ordinary perception. When the vital force is completely extinguished the soul leaves the body.

Medicine : Since the disease is at energy level, the medicines must also be in the same form so as to interact and effectively cure. For that purpose the medicinal substance is converted into energy form by the process of disintegration of the concerned medicinal substances by repeated dilution and succussion. The material or toxic effect of the above medicinal substance is removed by the above process and medicinal energy is retained.

Cure: Dr. Hahnemann found that only the substances which can produce some sort of diseased condition in the healthy human body when taken in substantial quantity can cure the similar

diseased condition in sick people when given in energy form which is called Similia Similibus Curentur. This phenomenon has been proved by experiments on human beings and compiled as Materia Medica.

The chronic diseases which are thousand headed monsters and carried over through generations can be cured by careful and continue treatment through homoeopathy. Material dose of medicines which act on the physical plane makes the disease more chronic.

In homoeopathy if the correct medicine is given, it is sure to act and cure because the curative effect of these medicines have already been proved and recorded. Homoeopathy will never fail. Physicians only may fail.

Proper teaching with better qualified and experienced teachers and training in a good Homoeopathic Institute is very essential to produce good quality doctors who can deliver results.

Efficacy of homoeopathy which gives better quality of health without any side effects can be ensured from patients who have been taking homoeopathy treatment for a reasonable time from good homoeopaths.

Introduction

About Gondia

Gondia is located at the centre of the country on the border of Maharashtra, Chattisgarh & Madhya Pradesh, equidistant from metro cities of Delhi, Chennai, Kolkata & Mumbai. The city has an environment highly congenial to education. Gondia Homoeopathic Medical College & Hospital is about 2 kms north-westwards from Gondia Railway station.

A peaceful district place with an educational township of about 3-4 lacs populations, Gondia is 130 kms eastward from Nagpur towards Howrah. It has Management, law, education, physical education, arts, science, commerce, pharmacy, ayurvedic colleges as well as the Gondia Homoeopathic Medical College & Hospital, Gondia, where students from different parts of Maharashtra as also from the length and the breadth of the country come to pursue their education.

Kanha National Park with tiger reserve (150 kms), Nagzira sanctuary (40 kms), Navegaon dam (70 kms) and Ramtek temple & Khindsi water resort (90 kms) are a few sites of tourist interest around Gondia.

Our Background

Gondia Homoeopathic Education Society was constituted and registered in the year 1975-76 by a group of eminent homoeopathic physicians who are ex-students from Calcutta Homoeopathic Medical College with a definite purpose to popularize homoeopathy.

The additional object of the society was and is to provide health services in rural areas and improve the quality of health as Gondia is situated in a backward region as enlisted by the Government of Maharashtra. Only the system of Homoeopathy can solve the problems of health in India since it is safe, easily available and offers permanent cure to many simple as well as so called incurable diseases in affordable price.

Secretary Dr. Radheshyam Agrawal had the opportunity to be closely associated with no less a colossus than Dr. B.K.Bose, MD, DO (Kansas, USA) while working as an Emergency Medical Officer, after passing out his DMS in Calcutta Homoeopathic Medical College, Calcutta. Dr. Bose was the last surviving Indian homoeopath who had worked under Dr. J.T.Kent in USA, well-known for the Repertory, Materia Medica and Philosophy.

The long wait ended after 30 years, and the Gondia Homoeopathic Medical College was established in the year 1989, after getting permission from the Govt. of Maharashtra, through the untiring efforts of Shri Mahadevrao Shivankar, Ex-Cabinet Minister, and President of Gondia Homoeopathic Education Society.

College

Gondia Homoeopathic Medical College & Hospital, is a self-financing NGO run by Gondia Homoeopathic Education Society.

Presently, the college has its own triple-storied building on which over 2: 00 crore rupees has already been spent. It admeasures about 36,000 square feet of construction. The college has also acquired 3 acres of adjoining land for developing annex hostels and herbarium garden etc. This building accommodates the out patients department, a 40-bedded indoor hospital, a labour room, and an operation theatre. The college boasts of its well-equipped laboratories having computerized systems, and class rooms with audiovisual facilities and a well decorated sound proof OHP built in Auditorium of 150 capacities.

The College runs Bachelor in Homoeopathic Medicine & Surgery course of 5^{1/2} years, affiliated to Maharashtra University of Health Sciences (MUHS), Nasik and recognized by the CCH, Department of AYUSH, Govt. of India & the Govt. of Maharashtra. The intake capacity is 50 per year. We hopefully aspire to start the MD course as and when feasible & already applied for the same.

Hospital

The Institute owns a 40-bedded hospital. Ambulance service as well as a mobile medical unit has recently started. Clinical training is provided to the students and internees in our own as well as attached chain of peripheral clinics situated at 5 adopted villages in there Grampanchayat premises. The Gondia Homoeopathic Medical College & Hospital, Gondia OPD hours are 10 to 01 and 2 to 5 on week days. Peripheral mobile camps are organized on Sundays, holidays and special occasions from time to time on a regular basis.

1.5 Hostel

Gondia being an educational city, good boarding and lodging is available in plenty. The College authorities have been in past helping the girl candidates in securing safe and secure accommodation in a number of Girls Hostels.

Our outside students find no difficulty in getting private arrangements and the college authorities, whenever needed help them. Hostel facilities are made available on the contract basis by Gondia Homoeopathic Medical Collge & Hospital, Gondia.

Teaching faculty

The college has adequate number of teachers, who are sincere in their duties and take special care of the students. In addition to homoeopaths, post graduate qualified teachers holding MD & MS qualifications teach the subjects like Anatomy. Physiology. Surgery, Obst- Gynecology, Medicine etc.

Our Professor & Head of Department of Obstetrics & Gynaecology Dr. Harsha R. Kantode, whose teaching is liked very much by the students, has proved an exceptional mother and teacher at home too.

Prospects & opportunities

Homoeopathy is an upcoming and progressive branch of medical sciences, which is now acknowledged by the World Health Organization. After graduation, one can create own career through professional practice in urban as well as rural areas, without any dependence on others for jobs.

Opportunities for BHMS doctors are also available in other countries for professional practice, higher education and research in conformity with the international laws.

Like all other graduates, BHMS degree holders are also eligible for Civil Services through UPSC & MPSC examinations. They can go for post-graduate education i.e. MD in Materia Medica, Organon, Repertory, Medicine, Paediatrics, Psychiatry and Pharmacy. Some institutions such as National Institute of Homoeopathy, Kolkata select students through competitive exams and offer lucrative PG fellowships for MD.

Library

Education can never be complete within the four walls of the classrooms. One should develop a regular habit of using library. Indeed, no medical study can be worth its name without a good library support and usage. The Gondia Homeopathic Medical College is a firm believer in this dictum, and has taken special care to provide all adequate fund for books. Presently, the number of books in our library is nearing 11,339. We issue the books to the students, provide them reading room facility, and have a free Book Bank funded by the Social Welfare Department for the Backward Class students. We also run our own paid Book Bank, which is optional, and for which the student has to pay a non-refundable fee of Rs. 5000 at the time of admission. The beneficiaries can retain the quota of prescribed books till the respective examinations are completed. They are also issued books for study at home during the first year.

Procedure for admission

Application form & prospectus

The current prospectus and application form for admission to the BHMS-I are made available in Gondia Homeopathic Medical College & Hospital, Gondia office.

The second, third & fourth year students are required to apply in the prescribed application form for admission, within a week of declaration of the result. The form is available in Gondia Homeopathic Medical College & Hospital, Gondia office.

Fees

Presently, every year fees fixation committee decides the tuition for the respective academic year, with its case for enhancement of fees pending before the Fees Fixation Committee.

The details can be collected from the Office at the time of admission.

The NRI and management quota fees are charged as prescribed for them by the Govt. from time to time.

The security deposit, caution money should be claimed within three months of the date of completion of internship, failing which the claim shall stand forfeited. It shall be refunded only on production of original money receipt and not otherwise.

The revision of fees from time to time as prescribed by Govt shall be binding on the students Fees once accepted shall not be refunded after the cut-off date.

A student desirous to discontinue his/her studies in the college for whatever reasons shall submit to the Principal a formal application duly countersigned by the parents or legal guardian, with no due certificate from the Office, librarian and the Class Teacher of having returned all the articles issued.

Admission

First BHMS

A candidate must have passed the qualifying exam in Higher Secondary Certificate (HSC) or equivalent, with English, Physics, Chemistry and Biology (Botany & Zoology), & should be NEET qualified.

He/She must have attained the age of 17 years on or before 31st December.

The candidate must be medically fit and must submit a certificate of medical fitness in the prescribed proforma given in Annexure B.

The admission process to First BHMS is carried out by Govt. of Maharashtra through NEET. Only those who have appeared in the NEET conducted respectively by the Director Medical Education & Research, Mumbai and the Association of Private Colleges are eligible.

The Management Quota (15%) admissions can be made directly by the college authorities. Candidates from the States other than Maharashtra are also eligible for BHMS course provided they have also cleared/appeared in NEET. The other state quota at present is 15% only.

Second to final BHMS

The admission process to the second, third and final BHMS commences within 7 days after the declaration of the result of respective examination conducted by the Maharashtra University of Health Sciences, Nasik, on payment of full fees. All students should note that the classes shall commence from the tenth day (if Sunday or a holiday, then on the next working day) after the last university practical examination was held. They shall be provisionally admitted to the next class and the attendance shall be recorded from the first day itself. On declaration of the result, the students who pass can take provisional admission the next class.

Documents needed for admission to BHMS-I

The original and certified zerox copy the following documents must be submitted along with the application, which shall be considered null and void if it is incomplete.

1. Admit Card of NEET UG Exam.
2. NEET Online Registration
3. NEET Mark sheet
4. Nationality Certificate/Passport.
5. Domicile Certificate.
6. SSC Mark sheet & Passing Certificate. (10th Diploma)
7. HSC Mark sheet.
8. Medical Fitness.
9. Aadhar Card (Xerox)
10. Caste Certificate.
11. Caste Validity Certificate.
12. Non-Creamy Layer Certificate. (For VJ, NT1, NT2, NT3 & OBC, SBC)
13. Leaving Certificate
14. Gap Certificate (If any)
15. Passport Photos (Recent)

Co-operation from parents & legal guardians

The blessings of parents shape the career of their children. But, modern educational psychologists advocate a more active role for the parents, not mere blessings and financial support. They should remain in touch with the institution and its teachers to monitor the progress of their future custodians to health of mankind. The emotional domain cannot attain the level of maturity and wisdom necessary for becoming competent homoeopathic physician unless the efforts of the institution are duly coordinated, integrated and supported by the parents. We call the parents periodically to attend the meetings, for which they should squeeze time to attend, or at least send some near and dear one to participate in case they are busy.

Code of conduct for students

College hours

The lectures are held from 10.00 am to 5.00 pm (lunch break from 1.00 pm to 2.00 pm) with a provision for extra classes.

During summer and winter vacations the college office, laboratory and library shall remain open according to the time schedule specified by the Principal.

Dress code is compulsory.

Attendance

While it is desirable that the students must attend all classes and their attendance should be 100%, all students and their parents must note that a minimum of 75% attendance in theory and 80% in practical is compulsory, otherwise they shall not be allowed to appear in University examination. To emphasize and abide by the same every candidate and his/her parents or legal guardian at the time of admission shall jointly execute a declaration/Undertaking on in the prescribed proforma given in application form.

Heavy financial penalty shall be levied on all the students of the class which indulges in common bunk, as it is taken a gross violation of decorum and discipline of the institution. In case any class in to desires a leave for a valid purpose the students may apply to the Principal through the CRs at least one month in advance. The college reserves the right to reject such an application.

The students must report in the class at least 10 minutes before. Those who come late in the class shall be treated to have violated the discipline and appropriate penalty/punishment will be levied on them.

In case of any sickness or leave for any other reason, the Principal / Class Teacher should be duly informed. All leaves should be got duly sanctioned by the Class Teacher. A certificate from a registered medical practitioner must be submitted to the office after availing of the sick leave. However, no attendance shall be granted in case of illness or any other absence.

The student who fails to attend his/her class without prior permission from The Principal/Class Teacher will be liable for punishment.

Marriage is a pious social and family custom for which the Gondia Homoeopathic Medical College & Hospital, Gondia does not put any bar, but no relaxation from attendance is granted on this count to the male or female candidates, Similarly, motherhood is a biological privilege for the females and of utmost value to the humanity but shall not be a valid plea for short attendance, and it must be clearly understood by every such candidate who gets it by chance or by design. The loss of academic term in all such cases shall be unavoidable.

Physical/Mental Education.

We all know that a student can never develop a healthy aptitude unless and until he or she is physically fit. For this we propose to start physical education for the students from this year as has been emphasized by the MUHS. We have also regular Yoga/Meditation sessions in the college for mental wellbeing of the students.

Holidays

The medical education protocol prescribed by the MUHS is quite rigorous befitting the profession which puts work above rest. It has prescribed only 20 holidays all through the year.

Vacations

The summer vacation is usually for 15 days during May. While the winter vacation is for 15 days during Oct-Nov.

Tours & Visits.

College use to take the students for academic tour which is compulsory in Pharmacy, Forensic Medicine & Toxicology & visits in Community Medicine.

General rules

The rules & directives issued by the college & hospital authorities from time to time must be adhered to without any hesitation or hindrance.

Protest and complaints, if any, must be lodged in proper, peaceful & constitutional manner

Every student must collect his/her identity card and the library card within one week of admission, and carry the same during college working hours. They must produce the same on demand. Similarly, they must put on white apron along with their name badges daily pinned. Putting up apron with college emblem in laboratory, dissection hall and the hospital is absolutely essential.

Duplicate identity card or library card shall be issued on payment.

Students are required to wear college uniform. Putting on fancy or indecent dress is strictly forbidden.

The two-wheelers must be kept in the space provided for them. Parking them irresponsibly shall invite punishment upon the owners/users.

The students are not permitted to bring outsiders and guests in the college campus without the prior permission of the Principal.

The students are not allowed to use the college or hospital as a venue for any meeting or gathering of students without prior permission of the Principal.

The students are strictly prohibited:

- a) To indulge in gambling.
- b) To keep possession of or to use addictive drugs or alcoholic beverages
- c) To keep possession of or use firearms or any weapon.

Rules for classes, labs & hospital

Discipline & order must be maintained in the class rooms & everywhere in the college and hospital premises.

Students must be decent & respectful towards the teachers & non-teaching employees of the college & hospital.

No student should cause any difficulty or hindrance to his or her fellow-students. Ragging is not tolerated in any form.

Loitering & creating disturbance in the corridors and free spaces are strictly prohibited. Students found guilty of carelessness leading to breakage or loss of any college or hospital property, books, apparatus etc. shall have to make good the loss at once.

Students shall be allowed to work in the laboratory only with the prior permission of the concerned teacher.

The decorum of the medical institution and hospital must be observed in letter and spirit. Anyone found disfiguring the outside or inside walls. Pasting any unauthorized notice or banner in the college or hospital premises, allowing, encouraging or assisting in an address or lecture by outsiders without permission from the Principal is liable to be expelled from the college.

The students are not permitted to collect gift or money from hospital patients or their relatives or attendants.

Any untoward/indecent act in the college & hospital premises shall be sternly dealt with.

Library Rules

The library shall remain open on all working days during the college hours from 10.00 am to 5.00 pm.

Books shall be issued to the bona fide students of the college for a maximum period of 7 days.

The books issued can be kept with him/her for another seven days if the borrower pays a fine of Rs. 2 per day, for next 15 days by paying Rs. 5 per day, for next 10 days Rs. 7 per day, and Rs. 10 per day till he/she returns the book in the library,

If a candidate fails to return the book, he/she shall have to pay the current price of the book, the service charge and the fine.

If the book belongs to a series or set of books, even if a volume or a part is lost or damaged, the current cost of the entire set will be charged.

Reference books, rare books, encyclopedias, dictionaries, atlas books etc. can be studied in the reading room only, and shall not be issued.

Books borrowed from the library are not transferable to other students and shall be issued strictly on merit basis or on first-come-first-served basis.

Putting pen or pencil mark on the book, folding or tearing the pages of book. disfiguring it, soiling or spoiling in any manner are strictly forbidden. If detected. a penalty of Rs. 100 in addition to the current cost of the book shall be recovered.

The librarian may recall a book at any time in case of emergency from the borrower.

Examination rules

College examination

All students must appear in all periodical class tests (PCTs), term tests and the monthly or other surprise tests conducted from time to time. On valid grounds of sickness or any other unavoidable circumstance, if someone cannot appear in any exam his/her application should be submitted in advance before the start of the test to the Principal/Class teacher.

A punctuality advantage is also added to their internal assessment score commensurate with the attendance. The details of this can be had from the respective Class Teachers.

No preparatory leave of any kind shall be permitted for the PCT and term exams.

The question papers shall be from covered syllabus.

Misbehavior, indiscipline, instigating before, during and after the commencement of exams, if proved, shall be punished according to the nature of offence.

Non-appearing in exam without permission from the Principal or Class Teacher shall incur a punishment depending upon the situation.

Passing marks in all subjects both homoeopathic and allied medical subjects shall be 50 % in each part (written, oral-practical).

In order to pass the first /second/third/fourth BHMS examination, candidate has to pass all the subjects of that examination. There is ATKT in every year.

The candidate securing 75 per cent or above marks in any of the subjects shall be declared to receive honours in that subject provided he/she has passed the examination in first attempt.

An examinee who passes the first, second, third and final BHMS examinations within the minimum prescribed period and obtains distinction in not less than 8 subjects in the second, third and final BHMS examinations taken together shall be declared to have passed the BHMS examination with honours.

The names of examinees passing the examinations as a whole in the minimum prescribed period and obtaining the prescribed number of places with honours shall be arranged in order of merit.
